

MIRANDA RESPONSE CARD

My lawyer has instructed me not to talk to anyone about my case or anything else, and not to answer questions or reply to accusations.

On advice of counsel and on the grounds of my rights under the Fifth and Sixth Amendments, I shall talk to no one in the absence of counsel.

I shall not give any consent or make any waivers of my legal rights. Any requests for information or for consent to conduct searches or seizures or investigations affecting my person, papers, property, or effects should be addressed to my lawyer:

**Christopher M. Glew,

I want all communications with the authorities henceforth to be made only through my lawyer. I request that my lawyer be notified and allowed to be present if any identification, conformations, tests, examinations, or investigations of any sort are conducted in my case, and I do not consent to any such confrontations, tests, examinations, or investigations.
